PROJECTS

- Fresh - Produce Ordering App** May'24
Online Produce ordering Application
 - Tech Used:** Dart, Flutter, Firebase, User Authentication, Firebase Firestore, Git
 - Description:** Developed a feature-rich Android application using Flutter for ordering fresh produce online, including fruits, vegetables, and herbs. The app features secure user authentication, advanced product search, a wish list for favorite items, a review cart for order management, and options to add and manage delivery addresses. It also supports multiple payment methods, ensuring smooth transactions. This project highlights expertise in Flutter, backend integration, and e-commerce functionality
- Multi Chat** Feb'24
Online Chatting Application
 - Tech Used:** Dart, Flutter, Firebase, User Authentication
 - Description:** Developed a chatting application featuring user authentication, allowing new users to sign up with a valid email address, username, password, and profile picture. Designed an intuitive chat interface displaying usernames and profile pictures alongside messages. This application facilitates communication between authenticated users on a shared platform.
- Portfolio Application** Jan'24
My portfolio showing application
 - Tech Used:** Dart, Flutter, Firebase, User Authentication
 - Description:** Developed a mobile application for professionally showcasing my skills, projects, and resume. Giving a brief about myself.

EXPERIENCE

- Finance Convener** Aug'23 - Present
Student's Gymkhana, LNMIIT Jaipur
As the Finance Convenor of the Student Gymkhana at LNMIIT, I was responsible for financial planning, budget management, and auditing. This role demanded strong skills in financial analysis, problem-solving, communication, and meticulous attention to detail to ensure effective financial oversight and resource allocation.
- Management Lead** Feb'22 - March'23
Google Development Student's Club LNMIIT Jaipur
As the Management Lead of the Google Developer Students Club at LNMIIT, I was responsible for event planning, management, and execution. This role required strong skills in management, communication, and leadership, ensuring successful coordination and delivery of various events and activities.

VOLUNTEERING

- Teaching Assistant**, Data Structure and Algorithms Lab Jan'23 - May'23
